Message from the Organizing Chairman

It is a great pleasure for me to invite you to the 13th Scientific Meeting of the Malaysian Society of Transplantation. As in the previous years, MST's Scientific Meeting is the premier transplant meeting in this country and it reflects our commitment in enhancing Continuous Professional Development for those involve in the field of transplantation. Our theme this year is Challenges and Remedies Beyond 2010. To address this we have put up an outstanding scientific programme consisting of plenary sessions, symposia, free paper sessions and pre congress workshops.

This year's scientific meeting will be held at the Grand Dorsett, Subang Hotel. It is located 35 minutes from Kuala Lumpur International Airport (KLIA), 20 minutes from Kuala Lumpur city center. The hotel is also strategically situated within the commercial hub of Malaysia and 15 minutes away from Subang Jaya primary commercial area.

We trust that you will make time to come, register and book your travel arrangements and accommodation soon. We are continuously making every effort to make our yearly seminar a success so that your participation will be productive, enriching and enjoyable.

Dr. Goh Bak Leong

Organising Chairman
