# RACE AGAINST TIME <sup>14<sup>th</sup></sup> Scientific Meeting <sup>2<sup>nd</sup> – 5<sup>th</sup></sup> June 2011

## INVITATION AND WELCOME MESSAGE

Dear Colleagues,

On behalf of the organizing committee it gives me great pleasure to invite you to join us at the 14<sup>th</sup> Scientific Meeting of the Malaysian Society of Transplantation which will be held in Penang on June 2<sup>nd</sup> – 5<sup>th</sup> 2011. The theme for this meeting is “Race Against Time”. It was coined to reflect our patients race against time waiting for an organ transplant. We have an exciting scientific program with an outstanding panel of speakers. We hope you will appreciate our program of plenary lectures, specialist symposia and free papers. We also have an exciting session with debates on controversial issues in transplantation.

Penang is an exceptional location for this meeting. The meeting will be held at Shangri-La's Rasa Sayang Resort and Spa, an expansive luxury retreat nestled along Penang's Batu Feringgi Beach. This meeting will provide a wonderful forum for you to refresh your knowledge base and explore the innovations in transplantation medicine, and to meet and interact with the medical fraternity in the field of transplantation.

I would like to thank my organizing committee for their considerable efforts in making this meeting take shape. I would also like to thank our sponsors who are integral to the success of this meeting.

For the very first time, we will also be having a beach run on the 5<sup>th</sup> of June to increase public awareness on organ donation. The theme for this run is “Race Against Time – Run for Life”. So put on your running shoes and come run, walk or just be there to champion the cause of organ donation.

We look forward to welcoming you in Penang.

Dr. Ganesalingam  
Organising Chairman

## COUNCIL MEMBERS

|                     |   |
|---------------------|---|
